

NAVIGATING COVID-19 RELIEF FOR FARMERS

This guide was created to help you navigate the challenging circumstances sparked by COVID-19. Assistance from federal and state programs can make a difference for farmers in this crisis. The next few pages outline current relief programs related to COVID-19 and how they apply to farmers. As you review the programs that may be of help to you, the following issues are important to remember:

PROGRAM DETAILS ARE RAPIDLY CHANGING

COVID-19 relief is constantly evolving. Be sure to check with the relevant agency for changes in details from those listed here, as the rules for some programs have yet to be released, while others have already changed.

DOCUMENTATION IS CRITICAL

Some of the programs that can help you require documentation. Details matter. Have your records handy and start taking detailed notes that capture your price or market losses and tell the story of what is unfolding on your farm.

CONTACT AGENCIES AND LENDERS RIGHT AWAY

You should contact the agencies and lenders related to COVID-19 relief programs as soon as possible. Keep a record of all your contacts with agencies, insurance companies, lenders, contractors, and anyone else officially involved in the recovery effort.

YOU MAY NEED A FARM NUMBER

Most farm programs administered by USDA require farmers to register with the Farm Service Agency and obtain a farm number. This process is free. Contact your local USDA Service Center (see next page) to obtain one.

DEADLINES WILL COME FAST AND MAY CHANGE

Most COVID-19 relief programs have deadlines. Some of them come very quickly, and in some cases funding could run out before the deadlines. The accompanying table includes deadlines when they exist, but you should double check with agency offices to make sure the dates have not changed.

SOME PROGRAMS HAVE APPEALS PROCESSES

Some relief programs include an appeals process. If you are denied from a program, know that “no” is not always the final answer.

RECOVERY IS A LONG AND OFTEN STRESSFUL PROCESS

Recovery from any disaster or emergency will be a long process. As is the case with other traumatic experiences, people tend to go through stages as they recover from a crisis. Be patient and caring with yourself and others. Attending to the mental health of everyone involved is essential. You can find related resources on the next page.

SCAM ARTISTS WILL COME AROUND

Unfortunately, scam artists always arrive soon after an emergency strikes. Be careful. Be especially wary of loan or debt modification scams arising during this time of COVID-19.

DISCRIMINATION IS ILLEGAL

The programs described below are available to all who are eligible. Discrimination is illegal. Each agency should have a discrimination complaint process. USDA’s discrimination complaint process is discussed in the *Farmers’ Guide to Coronavirus Food Assistance Program (CFAP)* available at www.flaginc.org/covid-19-guide/.

YOU CAN CALL FARM AID

Navigating these programs can be overwhelming as you rebuild. Please know that you can call 1-800-FARM-AID at any time if you need support. Farm Aid can connect you to someone near you to help you figure things out.
